FACILITY MANAGEMENT

QUALITY POLICY STATEMENT

Turfmaster Pty Ltd provides quality turf maintenance and weed spraying services to local government and sporting instrumentalities as well as a wide range of service organisations and small businesses.

Our policy is to provide “Customer Satisfaction” by provision of “Quality” Turf Maintenance and Weed spraying Services to our clients that not only meet their needs and expectations and statutory and regulatory requirements, but our own organisational goals and values and provide excellent “Value for Money”.

Through the implementation of the Management System **Turfmaster** identifies quality issues and impacts of company activities and establishes and reviews clear quality objectives.

Turfmaster Management is committed to providing the resources required to achieve these objectives and to continually improve environmental performance through responsible and informed leadership.

This policy is achieved by utilising trained Turf Maintenance and Pesticide Personnel and trained staff in working to a system of management which complies with the requirements of the AS/NZS ISO 9001 2000 Quality System Standard.

The company and its employees are fully committed to comply with this policy and to strive for continuous improvement in the provision of Total Turf Maintenance Services to our clients.
